

Collegial Motto

2016 - 2017

OFFER OF YOU

- - My life so full of good wishes as fragile.
- - My time to help, comfort, listen, pray together.
- - My limitations are subject to understanding and forgiveness of others.

OTHERS

- - My bread, my house, my backpack.
- - Brighten me so many good things they do in their lives.
- - My word, my prayers, my friends.

THE WORLD

- - Watch it always with affection and gratitude, without ever saying "Let the world is wrong."
- - Caring and respect its waters, its mountains, its skies.
- - Listen to their chirping birds, the murmur of the water and words of love from his people.
